

Branch 23

Branch 23 is a small branch, headed by Mary Braund of Clovelly, Devon. Mary almost certainly belongs to branch 2 or branch 4 of the family. The only record that has been found is the baptism of her son, Richard, in Clovelly, in 1825. We do not know the name of Richard's father, or what happened to Mary after this date.

Richard settled in Hartland, Devon and had ten children, so there is scope for plenty of living descendants.
